Discount prices on everything.

The Argos prices shown here are, where possible, compared with the Recommended Retail Prices as provided by our suppliers. Where no such prices exist, generally our suppliers have provided Comparative Retail Prices. In respect of those items marked with an asterisk, a market research study was carried out in December 1978 which established an average retail price, and this has been described as the Comparative Retail Price. These are used to show the genuine savings we offer

All sizes and capacities are approximate. It is possible that descriptions may have changed if the supplier for instance has altered his specifications or that there has been a change of the supplier after the catalogue has gone to press.
This catalogue, published February 1979, supersedes all previous catalogues and remains in effect until further notice. Argos prices stated in the catalogue were established during December 1978. Information is compiled with all possible care but the publishers do not hold themselves responsible for errors or omissions.

No hidden extras.

Argos prices already include VAT so there are no "Hidden" extra costs to pay. Because our prices are less, you also pay less VAT. Our trading policy is to provide you with big savings on everything we sell, but in the event of VAT changes, or for any other reason beyond our control, we may have to make adjustments, so please check against the Master Catalogue in your Argos showroom

Gift vouchers.

You can obtain and use Gift Vouchers at all Argos showrooms in units of £1, £2 and £5. They make ideal presents for all occasions and are so convenient to send by post.

Film developing and printing.

110, 126 and 135 sizes. We provide superior quality, fast processing at extremely competitive prices. See page 17

Direct delivery.

Manufacturers deliver to your home items marked "Direct Delivery" in approx. 28 days at no extra cost.

QUARTZ WATCHES

We offer within our range three types of Quartz watches.

L.E.D.—These are with a Light Emitting Diode (L.E.D.), where at the touch of a button miniature dots light up to form easily readable figures.

L.C.D. These are with a Liquid Crystal Display (L.C.D.) giving a permanent display of figures. At the touch of a button the display will change to give date etc.

ANALOGUE—These are with the traditional dial and hands but with all the advantages of quartz accuracy.

Full instructions with each watch.

It should be noted that all Quartz watches are dependent on batteries for their power source. Accordingly customers returning watches with expired batteries will be charged for the fitting of replacements.

The *Elizabeth Duke* collection offers you more jewellery for your money

Mr Brian Selwood, a Fellow of the Gemmological Association of Great Britain, has been responsible for the selection of our prestige range of elegant jewellery by Elizabeth Duke. Mr Selwood writes:

"There are many reasons why the Elizabeth Duke collection offers you more jewellery for your money. Firstly we have cut out the middlemen—we buy direct. Secondly we buy ahead to avoid the increases caused by the ever-rising costs of gold, silver and precious stones. Thirdly, apart from jewellery, we sell a wide range of products so our huge turnover enables our Jewellery Division to operate without the jeweller's traditionally high profit margin.

Valuer's Certificate. Guarantee. Free Insurance. Ring Sizing Service

The lifetime skills of experts ensure the value of the jewellery you buy from us. With each engagement ring or eternity ring you have the extra surety of a Valuer's Certificate. But whatever you buy you also have the reassurance of our Guarantee.

With each engagement ring or eternity ring, we also give one year's free insurance.

A ring sizing service is available for your convenience.
